

American Rescue Plan Act - State and Local Fiscal Recovery Fund Program
Non-Entitlement Units of Local Government
First and Second Tranche Distributions - as of May 13, 2022

This is a listing of all eligible non-entitlement units (NEUs) of local government and their status to receive funds in accordance with the American Rescue Plan Act, State and Local Fiscal Recovery Fund program. This listing includes the initial first tranche payment and reallocation as well as the expected second tranche amount. NEUs that did not exceed the 75% budget cap were eligible for a subsequent reallocation of remaining funds from unresponsive NEUs up to the budget cap amount.

Notes-

- 1) Indicates whether an entity completed the application process (Y), did not complete the application process (N), or elected to transfer the allocation to the state (T).
- 2) Total allocation calculated in accordance with Treasury's Guidance on Distribution of Funds to NEUs. The total potential allocation is prior to the U.S. Treasury required limit that an NEU allocation cannot exceed 75% of the entities total budget.
- 3) The second tranche payments will be distributed after the State of Ohio receives the second allocation from the US Treasury. The second tranche amount includes both the second tranche distribution and reallocation amounts (provided the US Treasury includes reallocation amounts in the second allocation to the State of Ohio). According to U.S. Treasury guidance, entities that did not complete the application process for the first tranche of funds are ineligible to receive the second tranche funds.
- 4) When reporting in the US Treasury Reporting Portal, ensure the allocation amount listed in the portal equals the total allocation amount on this spreadsheet. Additionally, if you elect to use the standard allowance of up to \$10 million for revenue loss, be sure to list the total allocation amount as the revenue loss due to the COVID-19 public health emergency.

| Entity Type | County | Entity Name | Completed Application Process (1) | Total Potential Allocation - Subject to 75% of Budget Test (2) | Initial Payment Amount (First Tranche) | Reallocation Payment Amount (First Tranche) | Second Tranche Amount (3) | Total Allocation (4) |
